Description

- Neoclassical style male head mounted on a black lacquered base, 20th century sculpted work.- This male head carries within it the memory of a monumental decoration within which it held place. Indeed, its high relief sculpture leaving the back flat with a rectangular cavity suggests that it is a fragment of a leaning sculpture. The stylized features of the young man give him a timeless youthful beauty not unlike that of the sculptures of ancient Greece.- Good state of conservation, wear is to be noted (see photos), Mounted on a black lacquered base.- Dimensions of the head - Height: 37 cm, Width: 34.5 cm, Depth: 22 cm (total height with the base: 50 cm)
