

## Japanese Horn Manju Netsuke Depicting Kanzan With Teapot, Signed Masamitsu, 19th Century

850 EUR

Period : 19th century

Condition : Bon état

Material : Horn

### Description

A finely carved Japanese horn manju netsuke depicting Kanzan (Han Shan ??), the legendary Chinese hermit-poet, smiling and holding a small teapot while wearing a wide straw hat beneath autumn foliage. The reverse is delicately carved with a temple or mountain retreat among clouds, and bears the incised signature Masamitsu (??) of the Kikugawa school.

Beautifully worked in dark polished horn with a rich natural sheen and fine detail throughout -- a classic and poetic subject rendered with humour and refinement, typical of the late Edo to early Meiji period.

Diameter: 4.3 cm

Condition: Very good for its age; minor wear and small natural inclusions consistent with material and age. Fine patina overall.
