Description

It is from the 18th century authentic, The top is with inlaid brass fittings. To tell the truth it is usable, I see that 1 rear foot which has been changed and the other reinforced and it holds. There are 4 brass shoes It is perhaps missing a brass thread inlaid in the panels (I may have some ...!) patina to redo and I can find at least a key to pull the flap. Top with a Leather or felt to add ... There you go, it is a small desk and beautiful Oh yes the marble is perfect and it is his. Height 130 and 72 cm at the top Width 85 cm Depth 34 cm or 85 cm with the flap
