

## 4 Small Circular Or Egg-shaped Boxes Made Of Corrozo Wood

250 EUR

Period : 19th century

Condition : Bon état

Material : Corozo

Diameter : 7 a 4 cm

### Description

Set of 4 small carved and pierced boxes in Corrozo wood or vegetable ivory with rounded shapes. These small cases were most often used as a sewing utensil. The dried fruits of the *Phytelephas Macrocarpa* palm tree give a very hard wood. It comes from the Amazonian forests and was discovered in 1798.
