### Description

Fine antique ring consisting of a delicately chiseled setting on the start of the ring decorated on both sides with a double link, and set in the center on a dahlia setting, with a green garnet. Period: 20th century Main material: yellow gold, 750 thousandths, 18 carats. Total weight of the garnet: approximately 0.48 carats. Proportions: Height: approximately 7.2 mm, width: approximately 7.8 mm, thickness: approximately 3 mm, width of the ring at the base: approximately 1.5 mm. Net weight: approximately 2.2 g. Antique jewel - Work from the beginning of the 20th century. Our opinion: The green garnet set on this lovely ring from the beginning of the last century is intense and of a vivacity that makes many emeralds pale. Resizing possible, contact us.
