

## Old Wrought Iron Gate Grille

2 800 EUR

Period : 19th century

Condition : Très bon état

Material : Wrought iron

Width : 194 cm

Height : 256

### Description

Beautiful old wrought iron gate or grille in very good condition. Dimensions height 256 cm width in 4 folding leaves (from left to right in photo 1) : 23.5 + 56.5 + 50.5 + 63 cm (one axis pivoting on the right). Diameter of the wrought iron bars 18mm, space between two bars 45 mm. The hinge system of the leaves works by original male-female hinges fitting locked by a pin, in wrought iron, in very good condition and working very well. This 19th century gate is a very beautiful basic material to reuse as is to make an old-fashioned gate (by adding decorative motifs in the upper part cf. spearheads see photo 5 & 6), make a clear-view closure preserving the depth of view (see picture 7 & 8), to be distributed by leaf to protect windows (photo ....). Price 2800 incl.
