Description

Large waxed wooden base/display stand.

Beautiful model to place or hang on the wall for the ideal presentation of a statue. The design of the display stand allows it to be used in both directions, depending on the size of the sculpture to be presented; in fact, each of the two sides is finished with its beautiful original tray molded with a corbin beak on three sides. French work made in a beautiful quality of oak, still presenting very slight old traces of polychromy and dating from the end of the 18th century. NB/ Shipping possible to France via Colissimo followed: 30 euros.
