

Large Executive Desk With Return, Italy, 1960s

12 000 EUR

Period : 20th century

Condition : Très bon état

Material : Walnut

Width : 297

Height : 75

Depth : 196

Description

A large U-shaped executive desk with two returns and an extraordinary asymmetrical design. One support is cast concrete and the other metal, giving the piece a sculptural, architectural presence. The light wood veneer contrasts with a bold walnut band across the top, a motif echoed on the drawer and cabinet fronts. With its integrated storage and striking visual rhythm, this desk exemplifies the boldness and innovation of Italian office furniture design in the 1960s.
