### Description

Beautiful and imposing art-deco vase with stylized foliage by the house of Daum. A very pretty model for this vase typical of the art-deco period with a decoration entirely acid-etched with a stylized foliage motif. Deep engraving with this granite effect, these geometric line and leaf motifs. Beautiful lemon yellow colors. 27.5 cm high, 22 cm in diameter. Signed on the base "Daum "cross of Lorraine" Nancy France", perfect condition, circa 1925. Very beautiful art-deco vase, so modern for a piece that is 100 years old! To place on a beautiful sideboard.
