Description

Antique Louis XVI-style corner cabinet from the 1850s/80s, made of walnut and manufactured in Piedmont (Italy). The cabinet was crafted by a skilled 19th-century craftsman using high-quality walnut. Note how the internal panel protrudes from the uprights and crosspiece and rests on top. The hinges are wrought iron. The corner cabinet was restored in our workshop. The dimensions are 60 cm x 60 cm. Height: 216 cm.
