800 EUR

Period : 20th century

Condition : Très bon état

Material : Other

Diameter : 55

Height : 90

Description

We present this splendid table lamp, made in Italy in the 1970s. The lamp is crafted from satin-chrome steel. The lampshade perfectly matches the lamp's lines, and the light, unadorned fabric complements the overall design. The lamp has three internal bulbs that can be turned on or off separately, allowing you to adjust the light intensity you need. The lamp features the original "Reggiani Made in Italy" label, certifying the identity of the famous Italian designer Goffredo Reggiani. Reggiani was renowned for creating futuristic, space-age lamps with an innovative approach to the use of modern materials such as steel. It is in excellent condition; the electrical system fully functional, and the lampshade fabric is in good condition with minor signs of wear consistent with its age (see detailed photos).

Please note that if you wish to customize the lamp, you can choose to replace the lampshade fabric. If you need to adapt the plug or lamp holder to your country's standards, we can make the modification, but it must be agreed upon before ordering. This fantastic lamp with its futuristic design perfectly expresses the combination of modern materials and innovative aesthetics combined with the need for functionality. These elements characterized the research and production of the best Italian designers in the 1970s. Wherever you choose to place it, it will become the focal point of the room. Please note that the dimensions given are the maximum size with lampshade, the diameter of the support base is 30.5 cm (approximately 12.00 inches)
