Description

Kanbun era (1661-1673). Musashi Province Of the honzukurī, iorimune, chugissaki, torizori type, and a koi-tame hada forge. A suguha and nie temper ending with a komaru böshi. The nakago suriage is pierced with 2 mekugi ana and yasurime marks. One-piece gilt copper habaki. The koshira-e is later black lacquered. The tsuka is wrapped in white silk and decorated with shakudo nanako of a fuchigashira, decorated with a carp in breaking waves and a samurai under a pine tree. The shakudo menuki is in the shape of dragons and has an oval-shaped iron tsuba chiseled with a mountainous landscape enhanced with gold signed Shami. Length: 64.5 cm.

Attributed to Heki Echizen no kami Minamoto Munehiro. Certificate issued by the Nihon Bijutsu

Token Hozon Kyokai with a date of 1661.
