Description

Toi Moi emerald diamond ring in 18 karat gold. Ring from the Belle Époque period, adorned with a 0.90 ct square emerald with cut sides and a 0.80 ct old-cut diamond. The two gemstones are arranged in a "toi et moi" pattern in a marked contrast: square against round, the intense green against the brilliant white of the diamond. A sinuous line, paved with rose-cut diamonds, wraps around the main gemstones and highlights their brilliance. The shoulders of the ring are also enhanced with diamonds. Ring from the Belle Époque period, circa 1900, France. Horse head hallmarks
