

Mace

1 200 EUR

Period : 19th century

Condition : Très bon état

Material : Metal

Length : 65.5 cm

Description

Mace This beautiful flanged mace, came out of a private estate in France along with several other medieval / renaissance daggers. The mace is likely 19th century in the 16th century style or it could very well be original and much older than I estimate. Non the less the mace is expertly crafted and in fine shape. Specifications: Length 65.5 CM
