### Description

An elegant pair of carved wood wall lights gilded with pure gold leaf. These refined wall lights each have two lights and are electrified. Their distinctive feature lies in the art of carving: the delicate, finely crafted faces of imaginary birds are carved at the center of the lights, from whose beaks branch the two arms that support the lights. The curved arms are embellished with geometric decorations, giving them an elegant and sophisticated look. This pair of wall lights is an object of great taste and refinement, capable of enriching any space with style and class. Italian manufacture, from the Napoleon III period,
