Description

FRENCH SCHOOL of the late 19th century
Young woman holding a face-to-hand Drawing in
black chalk, highlighted with white chalk.

Wooden frame under glass. Dimensions: H. 37.5
cm, W. 27 cm Dimensions with frame: H. 50 cm,
W. 39 cm Tear and folds at the bottom left. This
portrait immerses us in the intimate moment of a
young woman busy with her toilet. Her chest
carelessly uncovered, she seems absorbed in the
reflection of her shadowed face sent back by her
face-to-hand. The artist excels in rendering the
interiority of his model, concentrated in a pose
made of attention and concentration. Likewise, in
a few pencil strokes are skillfully sketched the
swirl of her hair pulled back into a bun. White
chalk highlights emphasize the ruffles of her
dress falling under her bare breast.
