Description

Sixteen rolls, each approximately 7 meters long and 47 cm wide, excluding margins. The shepherdess brings her sheep home in a birch woodland, with a house with a smoking chimney in the background. A photograph shows one completed section of wall; the other rolls were left unfinished at the time. With the 16 complete rolls plus another half-roll, it's possible to create over 37 sections, each 3 meters high, for a total length of over 17 meters, enough for a room measuring four meters by four meters, or even several wall sections. Early 20th century. EUR60 per roll
