Description

Beautiful LIP Galaxie Rudi Meyer in excellent condition. It has virtually no scratches except perhaps a few very light ones on the case back and a tiny, very faint scratch on the front of the case at 2 o'clock (see close-up photo) which is visible in macro photography but practically invisible to the naked eye! The case, crystal, dial, and crown are in excellent condition. The strap is original and shows some signs of wear but is still wearable! The watch runs well but might benefit from a service! Size: 40 mm diameter.
