Description

Vase by Miletus Sèvre. The minimalist modernist form of the 1950s-60s offers a subdued design. The creamy white background enhances the minimalist aesthetic. It rests on two elements: a rush and a pond. The flared shape with a shallow base also reveals an innovative design. Easy to place, it is both decorative and functional. A rare piece, could it be a tribute to Miletus? Delivery possible, not included in the price.
