Description

Bonnetière from Haute-Savoie. Their expertise lies in simplicity and minimalism, including: - Solid wood sides in a single panel (no mortise and tenon joints or tongue and groove, simply a decorative molding at the base). - This same molding is found on the base of the concealed drawer front. - The crossbars are disproportionately large compared to the front and the door, contrasting with discreet uprights. - A fixed cornice completes the frame. - The original lock. - There are four shelves. Functional, simple, and easy to place. Delivery possible but not included in the price.
