Description

This lovely pair of cufflinks features apple-green jadeite cabochons set in yellow gold, with alternating stepped shoulders: polished and finely textured gold. They fasten with a chain and bar clasp. The cabochons have a convex back, a sign of age, as modern cabochons are flat. What may appear as fissures are the internal texture of the stone. Hallmarked PV and 18K (the 8 is indistinct). Tested to 18 karat with a touchstone. PERFECT CONDITION! Art Deco style, circa 1930. They would make two beautiful rings or earrings... Dimensions: 2.1cm x 1.9cm. Weight: 12g
