

## Castle Lock, 18th Century

850 EUR

Period : 18th century

Condition : Etat d'usage

Material : Wrought iron

Length : 56 cm

Height : 18.5 cm

### Description

Important hand-forged lock. The interior features finely chased and engraved metalwork, with two keys, one of which is original. The fine chasing is authentic and period-appropriate. It has an exterior latch and a sliding bolt that engages in the strike plate. Likely a work of mastery with excellent execution, especially considering that the lock's internal workings remain invisible once installed. 18th century.
