Description

This pair of Greyhound dog statues is a large, antique-style ornament made of plaster with a smooth white finish and an aged patina in reddish hues. They sit on wooden cushion-like bases. The statues depict Greyhounds in a realistic form, perfect for indoor display. Standing 89 cm tall, these sculptures make a charming addition to a patio, entryway, or beside a fireplace, bringing a touch of nature and elegance to the space. Made in France, these statues are timeless pieces that capture the beauty of the animals. My items are antiques/vintage, and you will therefore find natural imperfections and age-related marks. (Some wear to the patina). I strive to describe each item accurately and honestly, but if you require specific information about an item, please do not hesitate to ask before purchasing. Height
