

19th-century Chinese Temple Buddha In Carved Wood With Original Candle Aperture

2 600 EUR

Period : 19th century

Condition : Très bon état

Material : Solid wood

Width : 22 cm

Height : 35 cm

Depth : 16.5 cm

Description

Late-Qing devotional figure carved from solid wood, featuring fine modelling and traces of red and blue polychromy. The symmetrical curls of the ushnisha and serene expression reflect superior craftsmanship. The original candle aperture between the hands confirms ritual use, while the carved and painted back shows it was intended for an altar or niche rather than wall display. Honest surface wear enhances its historic charm; structurally sound and visually commanding.
