Description

French School: Movement: Op Art, Kinetic Art, Moiré Effect. Date of creation: 1975. Title: The Night Ends. Signature: inscribed on the back of the work, see photo. An optical work at the crossroads of moiré effects and kinetic art, presented in its original frame with thin moldings. The colors have retained all their freshness. Note two small scratches, see photos. Restoration would have been entirely feasible but was not carried out, in order to preserve the work in its strictly original condition. The Galerie Le Mont des Arts intervenes only very exceptionally on works requiring restoration, in order to ensure complete transparency regarding the piece offered to its future clients, who always prefer to involve their usual restorers. A video can be sent upon request. Provenance: Galerie Le Mont des Arts,
