### Description

Louis Vuitton car trunk in black coated canvas with beveled edges, known as a "concave trunk." It retains its original hardware (lock, clasps, brackets, and handles) in blackened solid brass. One closing element is missing. The trunk is 100% original and in superb condition (as found, neither greased nor cleaned!). The internal label is present. A trace of the registration number "7078-ZZ" is still visible. At the beginning of the 20th century, cars were made to order and did not initially come with a trunk.
