Description

GLAZED TERRACOTTA BAS-RELIEF LION
SIGNED BY DANILO CARTEI, 1970s/1980s,
SIGNA, perfect condition. Size: 60 x 40 cm.
Danilo Cartei (Signa, May 12, 1920 - December
7, 2002) was an Italian painter. Gifted with natural
talent, under the tutelage of Giuseppe Santelli and
following the example of his brother Alvaro,
Danilo displayed great drawing skills from a very
young age, leading him to be considered
something of a child prodigy. A portrait of the
Duce in a newspaper in 1933 earned him a photo
with a dedication from Mussolini himself, but his
main passion was drawing animals of all kinds,
which he reproduced with extreme precision. His
work was, in fact, almost entirely dedicated to the
reproduction of animals in drawings and
ceramics. Bibliography: Giampiero Fossi,
