Description

18th-century landscape painting, oil on canvas. A very pretty small painting, measuring 27.5 x 23 cm, in excellent condition with a mid-20th-century relining. The painting is interesting for its subject, depicting a figure against a twilight landscape. The naturalistic style evokes the beauty and majesty of nature in contrast to humanity. A prescient theme foreshadowing Romanticism. A beautiful, harmonious, and luminous painting, easily placed in a stylish setting.
