Description

Ring in 750/° yellow gold (18 KT, owl hallmark), adorned with a beautiful oval cabochon of antique red coral. Its extremely understated setting discreetly allows the coral to take center stage, with a band simply adorned with two gold grains, lending the ring an antique aesthetic. This substantial coral cabochon boasts a rich and uniform color (don't be misled by the reflections in the photos due to its domed shape) and a beautiful polished surface. Gross weight: 7.48 g. Ring size: 52.5 - can be resized to your liking by our workshop, free resizing (current diameter 1.75 cm / approximately US size 6). Condition: slight micro-scratches on the band, imperceptible natural areas, two barely perceptible indentations, and white veins on the back of the coral, guaranteeing its authenticity.
