1830. Geographical Dictionary Of The Vosges. Second Edition

110 EUR

Period : 19th century

Condition : Bon état

Material : Paper

Width : 13.5 cm

Height : 21 cm

Description

An interesting work published in Paris in 1830, second edition, comprising a geographical dictionary, a vocabulary appendix, maps of the different continents, and a folio plate describing the currencies in circulation, their values, and their weights. The binding shows some signs of age, but overall, for a book that has been used, it is in good condition. 739 pages
