

## Napoleon III Bronze And Engraved Crystal Centerpiece

900 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Width : 40

Height : 52

### Description

A beautiful centerpiece with a finely chiseled bronze frame, resting on a tripod base adorned with scrolls and foliate motifs. The circular base is embellished with two stylized dragons forming the side handles, symbols of power and protection in Eastern tradition. The upper section supports an elegant glass corolla, finely engraved with floral and foliate designs, typical of late 19th-century craftsmanship. Height 52 cm, Width 40 cm
