Description

Long and wide Chantilly lace flounce (late 19th century) in black silk thread. The abundant decoration features flowers and ribboned garlands on a trellis background. Its generous length makes it an interesting element for restoring a crinoline, for example, a rotunda, a train skirt, etc. The lace is in perfect condition, showing no fragility under tension or discoloration, and still bears its original label. Unwashed, as we do not wash delicate lace. It has been preserved in excellent condition. ? Buy this item on our website? Additional informations and photos? Online payments ? Shipping conditions ?
