### Description

A beautiful pair of 19th-century turquoise glazed earthenware dolphins. These decorative dolphins are designed in the style of 18th-century dolphin representations: with large open mouths revealing fine teeth, fins marked by large scales, etc... Their color is magnificent, a beautiful turquoise blue reminiscent of the blue used by Deck. This pair of dolphins forms a very decorative pendant, and their design allows them to be displayed in a staggered arrangement. They are a pair but are not identical, with many different details. These dolphins are superb and highly decorative earthenware pieces, with virtually no missing parts, in excellent condition. Material: Turquoise glazed earthenware. Dimensions: Length: 32 cm, Width: 20 cm, Height: 16 cm. We deliver and ship worldwide; please contact us for a precise
