Description

Bracelet in 750/° yellow gold (18 KT, owl hallmark) all gold. Its linear, four-row chain gives it an aesthetic similar to a cuff, but in a flexible version. This great flexibility makes it very comfortable to wear, like a second skin. The almost invisible chain creates a beautiful, continuous, linear play of light. The square cross-section of each row gives it a clean and understated aesthetic, as one would expect from contemporary jewelry, although this chain was very common in 1940s jewelry. This very simple bracelet therefore suits all styles and allows for all kinds of combinations. Its clasp consists of a click that becomes invisible when closed, reinforced on either side by two discreet, functional, and effective figure-eight safety catches.
