Description

DescriptionDai Bih-In's expressive oil on canvas captures a contemplative female figure rendered in a minimalist yet emotionally charged style. The artist's restrained palette of sienna, muted rose, and deep umber contrasts the delicately modeled face against a dark, textured background. The figure's elongated neck and stylized features evoke both vulnerability and quiet dignity, hallmarks of Dai's approach to portraiture. Subtle brushwork and finely balanced composition emphasize form over detail, creating a meditative stillness that bridges modernist sensibility with East Asian aesthetics. The painting's simplicity and poise make it well suited to contemporary, mid-century, or minimalist settings where refined character and introspective tone are valued.ArtistDai Bih-In (b.1946,
