Description

FOLK ART ANCIENT PEWTER COLLECTIONBeautiful covered pewter bowl. The shape of the body is characteristic of pewter produced in Basel, Switzerland, during second half of 18th century (please check documentation to compare on last photos for a similar piece), with: * openwork and zoomorphic handles (busts of grotesques or caryatids), in a curving shape typical of the Louis XV period, * a bowl supported by 3 feet with scallop shell motifs, again characteristic of the mid-18th century, * a flat lid topped with 3 finials shaped like acorns or vegetative motifs Repetition of 3 juxtaposed stamps under the lid and 3 more under the bottom of the bowl: a round reserve of a standing angel holding a sword or glaive in its left hand and the initials I D, pewter master potter to be identified?
