Description

beautiful decorative panel, tempera painted on paper transferred to canvas, 75x129 cm, good condition. French school, early 20th centuryThis is a hand-painted decorative panel, likely a frieze or paneling, characterized by a neoclassical or rococo style, with floral details and a central drapery.The motif is symmetrical and features a rich decoration of grotesques and plant motifs.In the center, a blue and red drapery frames an empty oval space, perhaps intended for a mirror or other image.Golden vases filled with colorful flowers flank the central section.The background features a delicate scrollwork pattern in neutral tones.
