

Antique Napoleon III Cherry Wood Bedside Tables, French Manufacture.

1 150 EUR

Period : 19th century

Condition : Très bon état

Width : 36

Height : 80

Depth : 33

Description

Antique Napoleon III cherry wood bedside tables, French manufacture. The top is made of Bardiglio marble with a cherry wood trim, while underneath there is a drawer, door, and shelf. One bedside table has a door that opens to the left and the other to the right, indicating that they were created as a pair. They were restored in our workshop. The measurements are width 36 cm, depth 33 cm, height 80 cm. Note that the back is also made of cherry, as are the sides, so they could be used not only as bedside tables but also next to a sofa in the center of a room as storage.
