### Description

A very interesting bottle. Made of terracotta, with a wide, bulbous body and a double-edged neck. It is decorated with a black ink stamp inscription: "Eau Minérale de Pau (??)", the rest is illegible, surmounted by a coat of arms with three fleurs-de-lis, a laurel branch, and a crown, with the letters A and P on either side. A beautiful and genuine curiosity! Good overall condition, a very small chip on the base, some scratches, and fading of the inscription. Please note this in my detailed photos; please look at them carefully, I'm not hiding anything! French working, dating from the second half of the 18th century, Louis XV period. Dimensions: 28 cm H x 13 cm body diameter. **SHIPPING CONDITIONS BELOW:** Free shipping within France. For European shipping and payment, please send me a message.
