Height : 30,5

Depth : 19

Description

Dimensions: 35 x 19 cm, H: 30.5 cm. Materials: Porcelain socket - anodized aluminum. Large wall sconces by Belgian designer Jules Wabbes. Composed of 11 aluminum strips, they offer superb illumination and a warm light. These sconces are original vintage pieces, remarkably well preserved. Their minimalist aesthetic and clean lines make them true classics of lighting design. Two bulbs per sconce. Black marks are visible inside the sconces, due to the heat of the vintage bulbs (see photos).
