Traces of gilding remain on some painted areas of the figures' clothing. The delicacy of the painting and the sensitivity of the copper lend a precious touch to this work, whose colors have retained their brilliance over the centuries. Very minor imperfections in the paintwork that do not detract from the overall impression of the work (see photos).
Framed dimensions: 67 x 57 x 3 cm.
Dimensions of the copper alone: 43 x 52.5 x 2 cm.
