R. Cristóvão Pires Norte 397N,

Almancil 8135

(1611-1678), a Dutch physician who remained in Brazil during the Dutch occupation of Pernambuco, 10 years after the publication of his *Historia Naturalis Brasiliae*. Includes, in the last part, a text and references to Garcia da Orta. Condition: A study book, lacking the allegorical frontispiece, engraved in a sweet-cut and with numerous holes of moth that pierce the whole volume, without ever harming the reading. It is, however, full of text and retains the more than six hundred figures that illustrate it. Binding recent, entire parchment. Some foxing. Sabin, 63029. Author: WILLEM PISO - 1637-1644. Dimensions: Height: 14.56 inches / 37 centimeters Width: 9.44 inches / 24 centimeters Depth: 1.37 / 3.5 centimeters *Please Note: This item is located in Lisbon, Portugal (EU) and will be shipped from this location. For additional shipping options or charges for countries not listed, please contact the seller. *For additional photos or information, please contact the seller.
