Description

This devotional image of the Virgin Mary is enhanced with color and beautiful cut-out work. We note slight yellowing in places and minor stains on the blue paper; however, overall, it remains in very presentable condition. A canivet is a type of devotional image in Christian iconography. The edges, and sometimes the entire image, are cut out to imitate lace. Most often, the cut-out motifs surround a miniature painted in oil, gouache, or watercolor, depicting a saint or illustrating a biblical scene. Our photos allow you to appreciate the quality of the item. For condition details, please examine the photos carefully. Feel free to zoom in. The photos are an integral part of the description.
