

Ivory Drop Necklace, 1930s, 50 Cm, Very Good Condition

95 EUR

Period : 20th century

Condition : Très bon état

Material : Ivory

Length : 50 cm

Description

A very pretty necklace made of graduated ivory beads, 50 cm long. The lovely blonde material has tiny reddish-brown spots, likely due to contact with a slightly perfumed neckline. It has its original screw clasp, a very elongated olive shape, which is functional but slightly off-center, probably from restringing. The largest bead is 12 mm in diameter. Careful shipping is extra.
