Description

A beautiful cup and saucer, decorated with a hand-painted landscape: a countryside scene with old buildings, a slender tree, and a small figure by the water. The composition is framed by wide, hand-applied gold bands, while the fully gilded interior reflects the refined taste of the first half of the century. The saucer features the same decorative work with a rich border of fine gold. Dimensions: Cup: H 6 cm, D 6 cm; Saucer: D 13 cm
