Description

A charming early 20th-century seascape painted in oil on wood panel. The scene depicts a bustling harbor at sunset, with a large three-masted sailing ship moored in the foreground and several smaller boats gliding on the calm waters. The rosy evening light reflects delicately on the waves, creating a peaceful, almost Impressionist atmosphere. The brushwork is free and vibrant, and the palette subtly pastel. A signature is present in the lower right corner of the composition but is illegible. Technique: Oil on wood panel. Period: Early 20th century (circa 1900-1920). Dimensions: 19 cm x 32.5 cm. Signature: Signed lower right (signature to be identified). Condition: Good overall condition; minor wear and small rubbing consistent with age. A beautiful study of light and movement,
