Description

Large wrought iron floor lamp in a medieval style, dating from the 1950s. A very original and meticulously crafted piece, this beautiful floor lamp incorporates the design elements of early period candelabras, featuring a charming electrification system with faux electrified candles. Both the lamp and the wiring are in excellent condition. It boasts a beautiful original patinated gilding. This striking piece will add a unique touch to both classic and modern interiors. Delivery by professional carrier is available. Collection is also possible at the Domaine du Mas d'Avalrich, Montéscot 66200 (Tel: 0611142533) or at my stand at the Montpellier Cipolat flea market, held every two months on the market terrace.
