

Ewer In Crystal And Sterling Silver

1 400 EUR

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Height : 26 cm

Description

Crystal ewer with silver mount.

The crystal body is of baluster form, slightly flaring towards the base, decorated with spiral flutes and a star-cut foot. The silver mount is chased with oblique fluting continuing onto the neck and spout. Hinged cover moulded with gadroons, topped with a fruit-and-foliage finial. Twisted handle joining the body with a foliate scroll.

French Minerva 1st standard hallmark.

Silversmith: Bointaburet.

Height: 26 cm.
