Napoleon 111 - Pendant Silver Watch Chain And Key

580 EUR

Period : 19th century

Condition : Très bon état

Material : Sterling silver

Length : 150cm

Description

A Napoleon III watch chain and its key form an original necklace, a gift from yesteryear. The chain, an exceptional length of 150cm, can be wrapped around the neck to the desired length. I recommend having a jeweler add a clasp for easier adjustment. The watch key, also unique, can be worn on its own. A truly unusual set! The hook that holds the pendant is also original. It opens by unwinding the hook which then drops open to hold the pendant.The patina is also original. I haven't cleaned it apart from using a soft cloth.DimensionsChain 150cm Pendant/Key: 4.9cm x 2cmWeight: 44.6g. No hallmarks, but tested as silver. Comes with a warranty invoice and in a new box. Free shipping within France.
