Description

A beautiful white Limoges porcelain dinner service for 10 guests. All the pieces in this service are decorated around their rim with three circular bands made of fine gold, the central one being slightly wider than the other two. The originality of this service comes from the particular shape of the plates; indeed, this model has abandoned the traditional flat rim for a flared shape. Thus, the traditional flat plates are replaced by almost semi-deep plates. It comes from the Société Limousine de Porcelaines in Limoges. It includes a coffee service. Two different stamps are present on these different pieces, one in black with the title "Société Limousine de Porcelaines Limoges France" and a second in blue indicating "SLP Limoges France", this one represents the trademark registered in 1951.
